

3rd Annual C5 Cyber & IT Forum

“Command, Control, Computers, Communications, Cyber-defense”

@ Fort Shafter - Club Hale Ikena

April 16 & 17, 2024

The 3rd Annual C5 Forum Hawaii (CFH) will take place at Fort Shafter over the course of two days. This two-day event will once again focus on providing the latest cybersecurity, command, control, communications, computers, and cyber-defense updates and strategies for cyber and IT professionals on Oahu. Our focus will be to have a military centric audience consisting of USARPAC, USPACFLT, and PACAF personnel. We will also work with our Community Partners to invite their members and contacts.

CFH provides a unique platform for military, government, academia and industry professionals to network and collaborate to advance the field of cybersecurity and C5. Participants may receive CEUs from attending technical trainings led by knowledgeable subject matter experts. In addition to the trainings, the CFH will feature an exhibit hall providing technology demonstrations designed to address agency's complex cyber and IT missions.
